To: San Jose City Council Members

- ① The public's business should take place in public.
- ② Residents should have a meaningful opportunity to participate in decisions that affect them, and to understand how those decisions are made.
- ③ Government records are presumed public unless specifically exempted to protect vital interests.
- ④ Residents should not need a lawyer, or repeated trips to City Hall to gain access to records.

I am home bound native San Jose 78 years of age. Or I would be happy to attend. Do not treat us all as persons, we as taxpayers deserve your honesty and respect.
